## **ARE 4.0 Retires June 30, 2018**

**If you did not submit your request for eligibility to test in ARE 4.0 by October 31, 2016, you are required to begin testing in ARE 5.0.**

**If you are an ARE 4.0 candidate, you need to know this:**

### **Important Messages for ARE 4.0 Candidates**

Anyone currently testing in ARE 4.0 should be aware of the following key points:

#### **The last day to take an ARE 4.0 division in a test center is June 30, 2018.**

Candidates who have not completed ARE 4.0 by this date will need to complete ARE 5.0 to satisfy the examination requirement for licensure.

#### **Now is the time to make a plan to finish the exam if you are currently testing in ARE 4.0.**

There are several resources available on NCARB.org to help candidates make their plan. NCARB's Customer Relations team is also available to help candidates understand their individual testing options and make a plan.

#### **Your rolling clock will not change if you transition to ARE 5.0.**

Candidates must still complete the test within five years of their first pass—whether through ARE 4.0, ARE 5.0, or a combination of both. Expiring ARE 4.0 divisions could impact the credits received in ARE 5.0 when transitioning.

#### **Prometric test centers fill up fast, so candidates will need to plan ahead when scheduling their remaining divisions in ARE 4.0.**

When the exam transitioned to ARE 3.1 to ARE 4.0, candidates encountered difficulty finding test appointments in the final months before the exam retired. If candidates plan on testing in May and June, they should book these appointments as soon as possible.

#### **The ARE retake policy will remain the same. Candidates must wait 60 days before they can retake a division of the ARE, and can only take a division three times within 12 months.**

This means if a candidate has taken a division of ARE 4.0 since the end of June 2017, they will only have two more opportunities to take that division between now and the retirement of ARE 4.0. They will also need to take their second attempt before April 30, 2018, to have the option of one more retake before ARE 4.0 retires.

### **Resources for ARE 4.0 Candidates**

Whether candidates decide to finish in ARE 4.0 or transition to ARE 5.0, NCARB has created several resources to help them reach their goal of passing the exam.

#### **NCARB Blog**

ARE 4.0 Blog Posts

ARE 5.0 Blog Posts

#### **ARE Demo Exam**

Use the ARE 5.0 Demonstration Exam—accessible via your NCARB Record—to practice navigating the exam interface.

#### **ARE 4.0 Exam Guides**

The free exam guides include overviews of each division, sample vignettes, and suggested references for additional study resources.

#### **ARE 4.0 Prep Video Series**

This prep video series dives into each of the ARE 4.0 divisions, with separate videos for the multiple-choice sections and each of the vignettes.

### **Transition Resources**

#### **ARE Transition Calculator**

See how ARE 4.0 divisions will transfer to the new exam and create your personalized testing strategy with the Transition Calculator.
